

Combined Science: Foundation

Date	Exam	Topic	Suggested revision strategy	Suggested outcome from revision time this week (what a parent can expect to see)
Week 1	Biology Paper 1	B: Bioenergetics	Biology Use revision guide pages 50-55 to support with completion and purple pen of pages 41-47 of workbook. Complete and purple pen Bioenergetics revision mat. Complete and purple pen Bioenergetics exam questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 2	Chemistry Paper 1	C: Bonding, Structure, and the properties of matter.	Chemistry Use revision guide pages 113-122 to support with completion and purple pen of pages 107-117 of workbook. Complete and purple pen Bonding revision mat. Complete and purple pen Bonding exam questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 3	Physics Paper 1	P: Electricity	Physics Use revision guide pages 180-191 to support with completion and purple pen of pages 180-193 of workbook. Complete and purple pen Electricity revision mat. Complete and purple pen Electricity questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 4	Biology Paper 1 Chemistry Paper 1 Physics Paper 1		Exam Papers Complete two out of the three paper 1 exam papers. Complete as a timed exam paper, purple pen using the mark scheme provided.	Purple panned and marked at least two papers. <i>Optional: (Completed and marked the third exam paper)</i>

Week 5	Biology Paper 2	B: Homeostasis	Biology Use revision guide pages 57-65 to support with completion and purple pen of pages 48-57 of workbook. Complete and purple pen Homeostasis revision mat. Complete and purple pen Homeostasis exam questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 6	Chemistry Paper 2	C: The rate and extent of chemical change.	Chemistry Use revision guide pages 138-144 to support with completion and purple pen of pages 134-141 of workbook. Complete and purple pen Rates revision mat. Complete and purple pen Rates exam questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 7	Physics Paper 2	P: Waves.	Physics Use revision guide pages 219-228 to support with completion and purple pen of pages 223-233 of workbook. Complete and purple pen Waves revision mat. Complete and purple pen Waves questions. Complete additional Educake questions.	Purple panned workbook pages. Purple panned revision mat. Educake questions completed.
Week 8	Biology Paper 2 Chemistry Paper 2 Physics Paper 2		Exam Papers Complete 2 out of the 3 paper 2 exam papers. Complete as a timed exam paper, purple pen using the mark scheme provided.	Purple panned and marked at least two papers. <i>Optional: (Completed and marked the third exam paper)</i>
